Dear Recruiter,

I am writing to express my strong interest in the Software Engineer (C++/Python) position (Job ID: 437) at Hudson River Trading (HRT). I was referred to this opportunity by a colleague who holds a connection within your organization. I am excited about the prospect of contributing to Hudson River Trading's team.

Utilizing a strong foundation in programming and database technologies, including C++, Python, MS SQL Server, and MySQL, I am well-equipped to contribute to Siemens Healthcare Private Limited's Research Development endeavors. My coursework in Data Structures and Algorithms, Object-Oriented Programming, Database Management System, and Computer Networks has further honed my technical acumen.

In my personal projects, I've demonstrated my proficiency by creating an e-commerce platform tailored for organic product vendors. Leveraging Django, HTML, CSS, Bootstrap, and JavaScript, I developed a production-ready e-commerce website, catering to real-time organic product sellers. Additionally, I engineered a music-sharing web application, showcasing my skills in Django, HTML, CSS, and Bootstrap, offering users the ability to upload and manage audio files with various access levels..

Furthermore, my certifications in Django Developer Masterclass and AWS for Beginners underscore my commitment to continuous learning and skill development. This aligns seamlessly with the dynamic and innovative environment of HRT. Notably, my achievements include solving over 700 questions on platforms like Leetcode, Coding Ninjas, and GeeksforGeeks, resulting in a Leetcode rating of 1650+. These accomplishments reflect my problem-solving abilities and dedication to honing my coding skills.

Thank you for considering my application for the Software Engineer (C++/Python) position at Hudson River Trading (HRT). I am excited about the opportunity to contribute my technical skills and enthusiasm to your Research Development team. I look forward to the possibility of further discussing how my qualifications align with your organization's goals. Your consideration is greatly appreciated.

Sincerely,

Nikunj Gour
